**DR. ABHAY NARVEKAR**

M. S. (ORTH.) D' (ORTH.)

**TO WHOM SO EVER IT MAY CONCERN**

ORTHOPAEDIC AND  
ARTHROSCOPIC SURGEON

I am pleased to write this letter of recommendation for Dr. Krunal M. Donda who has worked as clinical fellow under Dr Abhay Narvekar from 01/06/2019 to 30/06/2019

During his tenure he has shown himself to be a sincere, hard-working, dedicated, co-operative, punctual and intelligent person. He has assisted and was directly involved in various knee and shoulder arthroscopic surgeries.

He has ability to accept and carry out responsibility given to him with great enthusiasm and confidence. After working with us he has gained good insight in pre-operative planning, surgical approach, instrumentation and data collection.

He has a sound knowledge of orthopaedics and good clinical sense and apply it reliably. Looking at his potential and dedication as a doctor I feel no hesitation in stating that he has bright future ahead and that he will be great asset to any institution he joins. I have no hesitation in recommending him for any further training or job he wishes to pursue.

I wish him the very best in all his future endeavours.

**Dr Abhay Narvekar**
