TO WHOM SO EVER IT MAY CONCERN

I am pleased to write this letter of recommendation for Dr. Krunal M. Donda who has worked as clinical fellow under Dr Nilen Shah from 31/11/2018 to 28/02/2019.

During his tenure he has shown himself to be a sincere, hard-working, dedicated, co-operative, punctual and intelligent person. He has assisted and was directly involved in various surgical procedure including multiple cases of primary and revision joint replacements of knee, hip and shoulder, trauma and arthroscopy surgeries.

He has ability to accept and carry out responsibility given to him with great enthusiasm and confidence. After working with us he has gained good insight in pre-operative planning, surgical approach, instrumentation and data collection.

He has a sound knowledge of orthopaedics and good clinical sense and apply it reliably. He has taken active part in all the clinical meetings, seminars and the departmental workshops.

Looking at his potential and dedication as a doctor I feel no hesitation in stating that he has bright future ahead and that he will be great asset to any institution he joins. I have no hesitation in recommending him for any further training or job he wishes to pursue.

I wish him the very best in all his future endeavors.
